HISTORY:

El Palace remains an independent, five-star luxury hotel in the heart of Barcelona. Formerly The Ritz, it opened its doors back in 1919 as the first five star property in the city. Nowadays, it creates a new identity for itself as "El Palace Hotel", full of flair, elegance, energy and dynamism. The property engages loyal repeat guests as well as new generations through activations that capture passion and imagination, with entertainment activations, culinary or beverage offers, art partnerships or leisure activities. El Palace Barcelona is by far the most celebrated hotel in the city, epicenter of social activity, gatherings and one of Europe's most iconic hotels. This iconic luxury property is rich in history; nobility, celebrities, artists or all genres and socialites have graced its halls over many decades. Host of iconic and historic events, it is a well-documented property with its history intertwined with that of the city.
