MEET WITH PURPOSE

MEETINGS & EVENTS CARBON OFFSETTING

Your event, carbon neutral! At no cost to you. Carbon Neutral Meetings at Hilton help you achieve your sustainability goals via meeting practices and carbon-offsets.

Estimated
CO²
emission of
your event

CORPORATE RESPONSIBILITY

LightStay, Hilton's proprietary award winning corporate responsibility management platform, measures and manages our environmental and social impact across our global portfolio of hotels.

MEETING IMPACT CALCULATOR

Using the information within the LightStay platform, the Meeting Impact Calculator takes a property's consumption data to create a bespoke report that shows the estimated carbon, energy, water and waste that will be produced from your meeting or event.

CARBON CREDITS

Based on your meeting's impact, Hilton will offset the CO₂ emissions associated with your event by procuring carbon offset credit from the South Pole Group.

Learn more about our mission to cut our environmental footprint in half and double our investment in social impact by 2030 at cr.hilton.com
