*The spirit of rock  
dressed up in Art  
Deco style.*

While the legendary Rolling Stones guitarist was putting the finishing touches on his apartment in Barcelona, he stayed in the hotel's top suite, on the sixth floor of El Palace Barcelona. Designed with his input, the soul of a rock star lives on in this one-of-a-kind suite.

## *Josephine Baker*

### *Legendary beauty, inside and out.*

Joséphine Baker's connections with El Palace Barcelona run deep. She stayed in the hotel when visiting Barcelona in the 1950s. On various occasions, even graced the stage of the Ritz's famous Parilla with her unforgettable beauty and talent. The decorations for this suite were inspired by none other than the Château des Milandes, the renaissance palace she called home.
