- **Request for meetings** between attendees
- **Manual** meeting **scheduling**
- Meetings automatic generator with **matchmaking**
- **Table of scheduled meetings** with export

The screenshot displays the MEETMAPS interface for an event titled 'IMF Toledo, February 2019'. The main view is a 'Slots table' showing a grid of scheduled meetings. The columns represent attendees and the rows represent time slots. Meetings are indicated by colored cells with meeting details. An inset image shows two people wearing face masks talking at a booth with a 'MEETMAPS' sign.
